NDA-HEALTH NOW™

The National Dental Association has embarked on a national, community-based, grassroots health initiative. It replicates and takes to scale key features of the Deamonte Driver Dental Project (DDDP), the award winning initiative based in Prince Georges County, MD and the Washington, DC metro area, that helped Maryland move from dead last in oral health care to number ONE in the country. NDA-HEALTH NOW™ will expand the areas of care to include in addition to dental care, medical and vision care; and will expand the target populations to include not only underserved children, but also the elderly and racial and ethnic minorities. The program launched in Chicago and Dallas in 2013, and launched in New Orleans and New York in 2014.

The expansion project features plans for “mixed-use” mobile health units equipped for medical screening, vision screening, and dental services; but is also designed for implementation with or without mobile units. The new initiative will provide resources and services to underserved communities, and will work to 1) increase health care access; 2) eliminate health disparities; 3) increase health literacy; and 4) promote prevention. It will also feature: inter-professional workforce teams (including physicians, optometrists, nurses and physician’s assistants); partnerships with community organizations, academic institutions, faith based entities; and affiliations with community health centers, Federally Qualified Health Centers, schools and senior citizen communities.

About the National Dental Association - Established in 1913, the NDA is the world’s first and largest organization of ethnic minority oral health professionals. It represents more than 10,000 African American dentists in the U.S. and abroad. The NDA is dedicated to representing the concerns of ethnic minorities in dentistry and to eliminating disparities in health in underserved communities. The NDA, a 501(c) 3 entity with 36 local chapters in the U.S., is the umbrella organization for the Student National Dental Association, the National Dental Assistants’ Association, the National Dental Hygienists’ Association, the Undergraduate SNDA and the Auxiliary to the NDA (spouses). The NDA Foundation is the education, research and scholarship arm of the organization.

NDA members constitute a massive network of providers and volunteers across America who have been the backbone of programs that strive to reach millions of underserved children and their families who do not have access to health care. The organization is dedicated to supporting their members to remain in communities where they are needed most; and to increasing access to health care. The NDA-HEALTH NOW™ Project will leverage the time and efforts of dental, medical, and vision care practitioners so that maximum benefit is received by patients in underserved and vulnerable communities.

In addition, key elements will include: 1) establishing referral networks for Medicaid and Medicare patients; 2) compiling resource directories of providers and pharmacies; and 3) developing and disseminating culturally and linguistically appropriate integrated medical-dental messages. Collaborations will be cultivated with other health professional groups, and multi-cultural organizations.

Medicaid/Public Aid:

To apply for medical assistance in-person, call 1-800-843-6154 (TTY 1-800-447-6404) to find the nearest [Illinois Department of Human Services](#) (DHS) office. Staff will help you submit an application. You can also apply online through the All Benefits Eligibility (ABE) website, abe.illinois.gov

If you are unable to go to a DHS office because of health reasons, you may call and ask that an application be mailed to you. After you complete and return the application, the DHS staff will arrange an interview by telephone.

Applications may also be completed at the time of service at hospitals and clinics. Pregnant women and children under age 19 may be enrolled by [All Kids Application Agents](#). Apply online at www.allkids.com

To Apply for the Patient Protection Affordable Healthcare Act:

To apply online, go to www.HealthCare.gov and visit the Marketplace for Illinois. To find people and organizations in your community who can help you apply, enroll, and answer your questions in-person, call 1-800-318-2596 (TTY 1-855-889-4325) or 1-866-311-1119.

Prescription Assistance:

Persons eligible for public assistance medical insurance programs may receive discounted prescriptions at the following pharmacies:

CVS
Harvey Health Center
Target
Walmart
Walgreens
Walt's Pharmacy

Free antibiotics are available at Giant Food Stores and Meijer Pharmacy. \$4 prescriptions are available at Target and Walmart. Target also offers prescription discount cards. Walgreens has the Prescription Savings Club, \$20 enrollment fee for individuals and \$35 for families.
