Carrie B. Brown, D.M.D.

PRESIDENT'S MESSAGE

Spring is here and nature and humanity have both responded with vibrant energy. We have moved from the captivity of our homes and snow bound landscapes to the greenness of our lawns and the vibrant colors of nature. Likewise, The National Dental Association is in the process of emerging from the dark days of this winter and is being revitalized by the activity necessary to convene the 102nd Annual Convention that will be held July 24-28 in the magnificent city of Chicago, IL. This energy is also evident in the vibrancy and enthusiasm of our national headquarters staff – Dr. John Maupin, Jr., Past NDA President and current Managing Consultant and Senior Advisor to the Board of Trustees and Ms. LaVette Henderson, newly appointed Deputy Executive Director; the tireless efforts of our volunteer members, Executive Committee, Board of Trustees, House of Delegates, Annual Convention Committee, and the recently established ED Search Committee; and the collegiality of our family organizations – SNDA, NDHA, NDAA, ANDA and NDAF.

We have moved to our new location. Our new address is 6411 Ivy Lane, Suite 703, Greenbelt, Maryland, 20770. We realize that change can be stressful, and as your President I personally apologize for any inconvenience experienced by the membership due to the decision to relocate the national headquarters. Please understand that the move was not a rushed decision. A tremendous amount of work and effort was utilized in the decision making to relocate. The benefits of the relocation continues to outweigh any negatives as a result of this major strategic move. Our

headquarters staff has done a marvelous job making the process of moving as smooth as possible for our membership. They are to be commended in their efforts and will continue to provide skills and services that our membership is accustomed to going forward. When your schedule permits you are invited to visit the new location, we are sure you will be very pleased with our new home.

Since my inauguration as your 91st President, I have been very busy traveling and representing you as your ambassador to all of the major meetings. Most all of the major meetings this year were held in the Northeast; therefore, traveling from Myrtle Beach, SC to the unseasonably cold and snow covered landscape was a shock to my system. However, I was able to create a warm and rewarding atmosphere in our mission to build on our previous relationships and establish new ones with existing corporate partners, potential partners, potential convention vendors and our membership. I also had many opportunities to connect with other national leaders in the dental profession. Our networking with these leaders and our presence at the negotiation table is a major component of continuing to make certain that the “NDA Remains Relevant in Our Communities.” The NDA speaks to our commitment to communities of the underserved and the most vulnerable in our population. No other organization can represent this group with the empathy and seriousness that it deserves. The National Dental Association membership is to be commended in continuing to take the lead on this major segment of our population. Our mission and our heart speak for those that cannot speak for themselves. We can and we must continue to be that profound and committed voice. My focus is to make sure our rich heritage is told to build our

(Cont'd on page 2)

(MESSAGE from the President cont'd)

membership base by sharing why the “NDA Must Remain Relevant in Our Communities”. I will continue to work diligently with the Board of Trustees and the financial committee to help the NDA become more financially solvent, and last but not least to ensure that our family members feel that they are an integral part of a great and needed organization. I ask for your help in achieving these goals.

Our National office and the convention committee under the leadership of Dr. Sheila Brown along with the Lincoln Dental Society are working diligently to create an awesome experience for all who will be in attendance at the 102nd Annual Convention in the great city of Chicago. All of our family members are busy planning for this convention. SNDA is planning a wonderful rites of passage celebration and many informative education sessions that are beneficial to new dentists. Encourage your hygienists to review the National Dental Hygienists Association web site to see all the wonderful classes and events they are planning. The National Dental Assistants Association is planning their 51st Annual Convention, and is working diligently to ensure all of you return to your practices with great tools to positively impact your bottom lines. I asked all of you to bring your hygienists and dental assistants to the convention. Also remember to register your spouses and children with ANDA; please take a moment to view their web site information concerning their planned activities as a lot of hard work is being done to prepare an enjoyable spouse and children’s program. We need you, your family, team, colleagues and friends in attendance

Our President's Symposium: “The Changing Dynamics of the Practice of Dentistry”, is a must to attend by all in attendance at the convention. We have invited great presenters; just to name a few, Marko Vujicic, PhD. Managing VP- Health Policy Resource Center in the Division of Dental Practices and Professional Affairs who will address the Status of Economics of the Dental Profession; Gerry Konohia will focus on “Consider Converting your Practice to a FQHC (Federal Qualify Health Center)” as means for loan repayments; and Dr. Cherae Farmer-Dixon, Dean of Meharry Medical College School of Dentistry, will speak to Inter-professional Education Initiatives. We have great CE courses planned by our scientific committee, and our Product and Resource Center (formerly known as the Exhibition) will feature top-notch exhibitors and vendors. Please come prepared to learn a lot, to get some pearls of wisdom to take back to your offices, to purchase dental supplies at convention’s rates, to enjoy great NDA fellowships and to have fun in Chicago!

The “NDA Must Remain Relevant in Our Communities” as we continue to be represent those who cannot speak for themselves.

**Congratulations to the Class of 2015!
NDA dues for the remainder
of 2015 are free!**

PRESIDENT'S SYMPOSIUM

“The Changing Dynamics of the Practice of Dentistry”

Saturday, July 25, 2015

9:00 am – 11:00 pm

Sponsored by Procter & Gamble and Crest Oral-B

This year's President's Symposium is a plenary session designed for all members of the NDA family. As we are all aware Dentistry, like other components of the nation's healthcare system, is rapidly transforming, highlighted by profound changes in access, technology, delivery system models, and reimbursement structures. As this transformation continues we must stay fully knowledgeable about the various elements and related opportunities and concerns.

Today, dental practices continue to face sustainability challenges due in large part to the growth of managed care and the introduction of changing provider panels by insurance companies. New regulations and changing delivery system models mandated by State Medicaid agencies also continue to create daunting challenges for NDA members in particular. Moreover, stand-alone dental practices face growing competition from the expansion of corporately managed offices, large group practices, and federally qualified community health center (FQHC) sites. Additionally, our graduating dental students are burdened with increasing educational debt, thus limiting their choices regarding where to practice and in what setting. Lastly, the integration of medical and oral health is also becoming more relevant, resulting in a shifting paradigm that will have a profound effect on the way all healthcare professionals are educated.

Again this year we have gathered together several subject-matter experts to share with us information about of the aforementioned topics; the complexities of healthcare transformation and its impact on dental practice and education. Our aim is to help all of us better understand the future opportunities and choices we will face, individually and collectively. The session will be presented in a “fire-side chat” format, allowing for presentations by each subject-matter expert, in debt probing by the moderator, and robust questioning from the audience. It is truly a must attend event!

PANELIST:

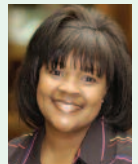

- **Marko Vujicic, Ph.D.**, as Managing Vice President, Health Policy Resource Center in the division of Dental Practice and Professional Affairs: *“The Status of Economics of the Dental Profession”*
- **Cherae M. Farmer-Dixon, DDS, MSPH, FACD**: *“Interprofessional Education Initiatives”*
- **Evelyn Lucas Perry, DDS, MPH**: *“The Status of URM Dental School Enrollment: What can we do to improve the situation?”*
- **Cathy Cook, DDS** - New Dentists: *“Employment Opportunities for New Dentists”*
- **Gerry Konohia**: *“Conversion: Consider Converting your Practice to a FQHC/ Loan Repayment Center”*
- Moderator: **Dr. David Miller** (invited)

With the proper knowledge, our membership can continue to serve their communities and remain a driving force in the quest for oral health equity. Please join me on Saturday, July 25 at 9:00 am during our National Convention in Chicago to hear this panel and participate in this significant discussion.

Carrie B. Brown, DMD
91st President
National Dental Association

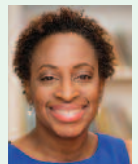

Dr. Marko Vujicic

Dr. Cherae Farmer-Dixon

CONVENTION GENERAL INFORMATION

Greetings from the NDA National Office! Enclosed is preliminary agenda and logistical information for NDA's 102nd Annual Convention and Exhibition Showcase, July 24-28, 2015 at the Chicago Marriott Downtown Magnificent Mile. We look forward to welcoming all of you to Chicago!

REGISTRATION

Any dentist who has not paid 2015 NDA annual dues to the National Office must pay dues with the registration fee to receive the member registration rate. Dentists and other health professionals who choose not to pay NDA membership dues will be required to register as a NON-MEMBER and will be assessed NON-MEMBER registration fees.

Full NDA member and non-member registration fees include admission to scientific sessions, technical exhibits, and non-ticketed special events; one (1) ticket to the President's Gala; and (1) ticket to the Grand Finale. The 2015 convention features three full-day featured speaker sessions and two special sessions that require an additional cost to attend. Additional fees must be paid in full before access to these sessions is granted.

To register, please refer to the registration form included in this brochure, or visit our website at www.ndaonline.org/nda-convention.

Name badges must be worn for all NDA activities. No one (including spouses, students, guests, children or staff) will be allowed to attend any NDA function without a badge.

Replacement Badge Fee: \$50.00.

All guests/spouses including family organizations, must register with the Auxiliary to the National Dental Association (ANDA). All guest registration checks must be made payable to ANDA.

Cancellations must be received in writing by June 1, 2015. Refunds will be issued after the convention has concluded, and a 30% processing fee is assessed on all refunds. Cancellations received after June 1st are not eligible for refunds or credits. There will be a \$50 service charge for any returned check. **NO CHECKS WILL BE ACCEPTED ON-SITE.**

HOTEL RESERVATION PROCEDURE

Only those participants registered for the NDA convention are eligible to receive the NDA room rate of \$189.00 per night (excludes taxes and fees). Individuals not registered for the convention will be subject to a higher hotel rate structure. To secure your hotel reservation, please call 877-303-0104 and request the NDA Annual Convention Rate or visit the NDA website at www.ndaonline.org/nda-convention.

Notes: All agendas are tentative and subject to change. Updated agendas for NDA, SNDA, NDHA, NDAA and ANDA will be available on the NDA Website, www.ndaonline.org.

Please use the registration form included in this brochure to register for all special sessions that are limited attendance or require additional fees. Pre-registration is required.

IMPORTANT NOTICE:

PLEASE BE ADVISED! It has come to our attention that a web-based company is inaccurately representing itself as a "housing vendor" for the 102nd NDA Annual Convention in Chicago. They are actively soliciting business from our members and supporters by offering to make hotel reservations at discounted prices at the NDA host hotel or offering lower rates at other hotels during our convention dates.

PLEASE BE ADVISED that NDA is NOT utilizing the services of this or any housing service for the 102nd Annual Convention.

Reservations for the NDA Annual Convention should be made directly with the hotel, either by phone or via our web reservation system. If you provide your credit card information to any unauthorized vendor, your card may be charged, but you may not have a reservation when you arrive in Chicago. **THIS IS A SCAM.**

If you have questions about securing your hotel reservations, please contact Cyndie Graddy at the NDA.

REMINDER:

Regular convention pricing ends June 30th. After June 30th, the cost will be "on-site" pricing. For more information contact Cyndie Graddy at the national office, cgraddy@ndaonline.org, or 240-241-4448 x102.

5th ANNUAL NEW DENTIST

CONFERENCE

RECENT DENTAL GRADUATES & DENTISTS PRACTICING 5 YEARS OR LESS

NDA 102nd Annual Convention
Chicago Marriott Downtown Magnificent Mile
CHICAGO, ILLINOIS

July 23-28, 2015

THURSDAY, JULY 23, 2015

NDA Leadership Transition:

An Update from Dr. Carrie Brown, President and Dr. Madge Potts-Williams, Chair, Board of Trustees

It is with mixed emotion that we announce the recent departure of Dr. Nathan Fletcher, D.D.S., as the NDA's Interim Executive Director. Dr. Fletcher has accepted the position of Dental Director for AmeriHealth District of Columbia. We all wish him well in his new endeavor and thank him for his outstanding service during this period of leadership transition.

Dr. Fletcher said: "I was honored and privileged to have been in a position to serve the NDA as its Interim Executive Director over the past several months and to guide our organization during this period of change. As I move into a new phase of my career I am excited to be a part of the AmeriHealth team. I look forward to developing solutions to better serve D.C. and its communities most in need and to position AmeriHealth District of Columbia as the leader in the delivery of oral health services."

As a result of Dr. Fletcher's departure the NDA Leadership has moved quickly to ensure continuity in the ongoing management of the National Office. We are pleased to announce that Dr. John E. Maupin, Jr. has joined us effective April 1, 2015 as Management Consultant and Senior Advisor to the Board of

Trustees. Dr. Maupin, who is a NDA Past President '84 and former President of both Meharry Medical College and Morehouse School of Medicine, will provide executive management and operational oversight of the National Office and the Association's membership services and programs, annual convention, sponsored programs, and health policy and community outreach initiatives. Please join us in welcoming the services of our colleague Dr. Maupin. We invite you to take a look at his bio-sketch found at the end of this update to learn more about his outstanding leadership background.

Dr. Maupin has agreed to serve in this capacity until the search for a new director is finalized, hopefully by the fall of this year. As previously announced, the Executive Director Search Committee has been formed and is co-chaired by Drs. Wallace Bellamy and Joseph Gay. We will provide periodic updates regarding the search process and the Committee will make a detailed report during the Convention.

(l-r, Drs. Fletcher and Maupin)

(l-r, Drs. Fletcher, Brown, Potts-Williams, and Maupin)

BIOGRAPHICAL SKETCH

JOHN E. MAUPIN, JR., D.D.S., M.B.A.

Dr. John E. Maupin, Jr. has more than 30 years of diverse leadership experience in academic health sciences, public health, and ambulatory care. Dr. Maupin served as President and Chief Executive Officer of Morehouse School of Medicine, in Atlanta, GA, from 2006 until his retirement in June 2014. From July 1994 through June 2006, he was President and Chief Executive Officer of Meharry Medical College in Nashville, TN, where he was the first alum-

nus and second dentist to serve in that position.

His other senior administrative positions have included Executive Vice President and Chief Operating Officer of the Morehouse School of Medicine; Chief Executive Officer of Southside Healthcare, Inc. Atlanta, GA; Deputy Commissioner for Medical Services, Baltimore City Health Department, Baltimore, MD, and Dental Director and President of the Medical Staff with the West Baltimore Community Health Center. In addition to his extraordinarily diverse administrative background, Dr. Maupin was a career dental officer in the United States Army Reserves, retiring in 1997 with 28 years of service. Also, throughout his years in Baltimore he maintained a private part-time general dentistry practice.

Dr. Maupin has held several leadership positions in organized dentistry at the local, state and national levels, including serving as President of the Baltimore City Dental Society, Maryland State Dental Association and the National Dental Association in 1984. He has also served on numerous health and bioscience related national task forces, advisory councils, and scientific panels, most notably, in 2010 he was appointed to the National Health Care Workforce Commission, which was created by the Patient Protection and Affordable Care Act, to serve as a national resource to the U.S. Congress and the President. His other appointments have included the National Committee on Foreign Medical Education Accreditation, U.S. Department of Education; Board of Scientific Counselors, National Center for Infectious Diseases, Centers for Disease Control and Prevention; the National Advisory Dental Research Council, National Institute of Dental and Craniofacial Research, National Institutes of Health (NIH); and the National Advisory Research Resources Council, National Center for Research Resources, NIH.

A native of Los Angeles, California, Dr. Maupin received his undergraduate training at San Jose State College. He continued his education at Meharry Medical College in the School of Dentistry, where he received his D.D.S. degree in 1972. He then completed a general dentistry residency at Provident Hospital in Baltimore in 1973, and later earned an M.B.A. degree in 1979 from Loyola College, Baltimore MD.

EBOLA: PROTOCOLS, PRECAUTIONS & PREVENTION SYMPOSIUM

An Inter-Professional Continuing Education Program

An inter-professional continuing education program entitled “Ebola: Protocols, Precautions & Prevention” sponsored by the National Dental Association, the Aetna Foundation, The Coca-Cola Foundation, and Dentist’s Advantage, was held on Saturday, April 18, 2015 in Charlotte, North Carolina. The symposium was co-hosted by the Old North State Dental Society and Charlotte Medical Dental & Pharmaceutical Society in collaboration with the Sullivan Alliance. The venue was the beautiful conference center of Friendship Missionary Baptist Church. Symposium participants included Dr. Louis W. Sullivan, former U.S. Secretary of the Department of Health and Human Services,

Dean Emeritus of Morehouse College of Medicine, and Founder of the Sullivan Alliance, who delivered the opening remarks; Dr. Janet Southerland, former dean of Meharry Medical College School of Dentistry, moderator; Dr. Michael E. Etomi, Immediate Past President of the Association of Nigerian Physicians in the Americas (panelist); Dr. Margaret I. Scarlett, infectious disease expert and CDC Ebola response trainer (panelist); and Dr.

Stephen Keener, Medical Director of the Mecklenburg County Health Department (panelist). The diverse audience represented a broad health care spectrum, including dentists, dental hygienists, dental assistants, physicians, physician assistants, pharmacists, nurses, first responders, public-health workers, university faculty, health administrators, insurance specialists, and students.

The Ebola Virus is one of the deadliest viruses on the planet. The symposium was designed to increase knowledge and awareness about the disease as well as to inform health professionals about the importance of collaborative education and continuous learning. The program covered the etiology, symptoms, global impact and human toll of the Ebola Virus Disease, the routes of transmission and risk of exposure, the Nigeria Health Team response in containing and preventing the spread of the virus; the epidemiology, prevention and control of the disease; proper infection control protocols, including Personal Protective Equipment and hand washing; existing interventions and ongoing research for vaccines and treatment; the Ebola Virus Disease screening process for travelers departing West African countries and arriving in the United States; the CDC screening and monitoring categories and the actions recommended for each category; and the Mecklenburg County, North Carolina experience with monitoring travelers from West African Countries.

The symposium culminated with a “Special Student Session with Dr. Sullivan”. This session was sponsored by Drs. Edward J. Clemons, Jr., Maxwell Gilliam, and Hazel Harper; the session allowed the students to engage and interact with the healthcare icon. The North Carolina schools that represented the North Carolina Sullivan Alliance included Winston-Salem State University, University of North Carolina, and Johnson C. Smith. Other schools represented were Central Piedmont Community College and Davidson County Community College. Each student received an autographed copy of his autobiography, *Breaking Ground: My Life in Medicine* and a group photograph with Dr. Sullivan. Dr. Sullivan received one of the 2015 NAACP Image Awards for his book.

The event received glowing remarks from the attendees, and one participant stated, “...the course was terrific. The panel was excellent ...and All in all, it was one of the best I have attended.” The seminar demonstrates the NDA’s commitment to inter-professional collaborative learning, and to building health teams that will achieve better TOTAL health outcomes for ALL.

CRT Partner 1st DentiPay Hosted NDA-CRT Mid-Winter Meeting

1ST DENTIPAY

In March the National Dental Association's Corporate Roundtable partner, 1st DentiPay, hosted the NDA-CRT Mid-Winter meeting at their headquarters in Alpharetta, GA. Their generous sponsorship provided an opportunity for CRT partners and NDA leadership to interact during a networking dinner prior to the meeting. 1st DentiPay also provided the opportunity to not just work, but to also play, by offering spa treatments and golf to our partners.

The meeting was led by CRT Chair, Dr. Alvenia Rhea Albright. The NDA Leadership, including President, Dr. Carrie Brown, Chairman of the Board, Dr. Madge Potts-Williams, former Interim Executive Director, Dr. Nathan Fletcher, Dr. Hazel Harper, LaVette Henderson, Deputy Executive Director; and Director of Development, Mr. Bill Woods, provided an overview of the activities and forward direction of the NDA.

As a CRT Partner, 1st DentiPay offers NDA members the opportunity to reduce credit card processing fees. This member benefit reduces operating expenses and increases profitability. First DentiPay is committed to supporting our mission and looking forward to building our partnership. The NDA appreciates our new partner and the service they will provide to our members.

A New Online Display Advertising Solution for NDA Members

Did you know that there are now more local searches on Smartphones and mobile devices than desktop computers? Social Media also plays an important part within local marketing, in particular Facebook. Hibu, the newest NDA Partner, is proud to now provide a unique, powerful digital advertising solution created specifically for NDA members.

“Online Display Advertising” allows local dentists, physicians and dental practices to promote their services via thousands of websites, smartphones and Facebook – locally. It’s a fantastic way to reach new clients and build local brand awareness. Each campaign is specifically designed to meet the needs of your local practice, within your local market and results are tracked via monthly reports. Online display is also a very cost-effective solution - as you don’t pay for clicks like standard PPC ads on Google.com.

Hibu is very aware that you have a lot of choices when it comes to marketing your dental practice. With hibu, you know you're working with a partner you can count on. We're a certified Google Premier Partner — one of only about 20 in the US — and we're a Yahoo!/Bing Ambassador, so you know you're working with knowledgeable, certified professionals.

Hibu will be exhibiting at the 2015 NDA conference in Chicago. For additional personalized quote or more information contact Rich Hargrave, Director of Channel Partnerships at hibu. Email: NDA@hibu.com, or call 914.600.5316.

MESSAGE FROM THE DEPUTY EXECUTIVE DIRECTOR

It gives me great honor and pleasure to address you as your Deputy Executive Director. I have supported you and your mission to promote and raise oral healthcare awareness in our communities for seventeen years, and I am humbled that the Board of Trustees has entrusted me to assist in moving the National Dental Association (NDA) to the next level. I will be working closely with leadership to enhance operations, membership services and benefits.

I am excited and motivated by this opportunity. I look forward to continue working closely with the membership to bring you additional membership value, save dollars in your practices and provide innovative educational opportunities to members in the near future. As we move to provide you with the latest association news, we need your help. We are looking to update your contact information and email addresses as we move to communicate with you more efficiently. In 2015, the NDA is undertaking some exciting opportunities and we want to actively share the accomplishments and milestones with our members. Sharing your email address allows us to communicate with you in a “greener” capacity, which not only improves the environment, but provides for a more rapid information delivery.

The Lincoln Dental Society and the National Office are planning a wonderful convention at the Chicago Marriott Downtown Magnificent Mile, July 23 – 28, 2015. We have a great line-up of sessions and events. Some of the benefits and experiences this year will be:

- Vendor discounts in the “Products and Resource Center” (Exhibit Hall) – we ask that you make your purchases during the convention in the Center
- Examples of the latest technology, techniques and procedures to enhance your practice through Continuing Educational Sessions
- Minister Louis Farrakhan as the Civil Rights Luncheon speaker
- Networking opportunities with new and old colleagues
- Build professional relationships with Corporate Partners, Foundations and Exhibitors
- The Famous Chicago Style Eating experiences
- Excellent Museums, Galleries and Attractions – including The Millennium Park

If you have not registered as of today, please do ASAP via the weblink: www.ndaonline.org. As you begin to secure your hotel reservations, be sure to make them via the NDA web link or by calling the Chicago Marriott Downtown Magnificent Mile directly. The official NDA convention hotel link is: <https://aws.passkey.com/g/46604151> or by calling 877-303-0104.

Please know that my door is always open to listen as well as seek to improve the NDA. I look forward to working with you and seeing you in the Windy City!!!!!!

LaVette C. Henderson, CMP, CVEP

CDC Launches New Web Site for Oral Health Statistics; Enhances Web Site for My Water's Fluoride

The Centers for Disease Control and Prevention (CDC) has launched a new, integrated website that enables dental and public health professionals and policymakers to monitor selected oral health information. "Oral Health Data," available at www.cdc.gov/oralhealthdata, offers enhanced capabilities for viewing state and national data for indicators of oral health and fluoridation status. The new system allows individuals to view and interact with data in tables, graphs, and maps online and to export datasets.

Oral Health Data currently includes four adult indicators obtained from state Behavioral Risk Factor Surveillance System (BRFSS) data for 1999 and even years from 2000 through 2010; available by age, education and income level, gender, and race/ethnicity. Also available are three child indicators (years range from 1993 to 2013) provided by states that conduct statewide oral health screening surveys that meet criteria for inclusion in the National Oral Health Surveillance System; these data are provided by grade in school (kindergarten through third grade) or Head Start. In addition, the new website has data on the percent of states' population with access to community water fluoridation, obtained from biennial water fluoridation reports from 2000 through 2012. Data for additional years will be added as they become available. CDC plans to expand the system to include additional information and indicators.

"Oral Health Data gives users more tools in an easy-to-use format to create their own filtered views and graphs," stated Katherine Weno, DDS, JD, Director, CDC Division of Oral Health. "The new website will allow state health agencies to track state and national trends so they are better able to plan and evaluate state-based oral health programs."

CDC has also enhanced its web portal, "My Water's Fluoride," available at http://nccd.cdc.gov/DOH_MWF. My Water's Fluoride (MWF) allows consumers in participating states to check out basic information about their water system, including the number of people served by the system and its fluoride level. According to the U.S. Public Health Service, the recommended level for fluoride in drinking water to prevent tooth decay is 0.7 milligrams per liter.

In addition to improved consumer information, the new MWF is presented in an easy-to-view and navigate format.

Currently, 39 states are providing their data to CDC for this data portal. States that participate include Alabama, Alaska, Arizona, Arkansas, Colorado, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, Nevada, New Hampshire, New York, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia, West Virginia, and Wisconsin. MWF is a voluntary public disclosure website; states choose whether they will provide their water fluoridation information to MWF.

Fluoride, a naturally occurring element in the environment, is known to be effective in preventing tooth decay in children and adults. Over the past seven decades, water fluoridation has played an important role in the dramatic reduction of tooth decay and has been identified by CDC as one of 10 great public health achievements of the 20th century.

Congratulations!
